

S.B. 241
TREATMENT MEDICATION AMENDMENTS

Senator **Karen Mayne** proposes the following amendments:

1. *Page 2, Line 57 through Page 3, Line 65:*

57 (b) A health benefit plan may not make coverage of a prescription drug that is on the health benefit
58 plan's drug formulary dependent on
59 the completion of a ~~{ fail-first or other }~~ step therapy protocol if ~~{ use of }~~ the prescription drug is:
60 (i) designated as a category 1 or 2A preferred drug by the National Comprehensive Cancer Network;
61 and
62 (ii) indicated for treatment of stage IV advanced metastatic cancer or an associated condition.
63 ~~{ (i) approved by the United States Food and Drug Administration;~~
64 ~~(ii) indicated for treatment of stage-IV advanced metastatic cancer by:~~
65 ~~(A) the United States Food and Drug Administration; or~~
~~(B) the National Comprehensive Cancer Network Drugs and Biologics Compendium;~~
~~(iii) for treatment of the enrollee's stage-IV advanced metastatic cancer or an associated~~
~~condition; and~~
~~(iv) supported by peer-reviewed medical literature. }~~
